THE EXTENSIVE USE OF THESE

To satisfy that class in all these respects is to

these timekeepers.

More than \$00,000 are speaking for themselves in the pockets of the people.

Imported Watches are made on an expensive system, in amait numbers, but by nusive system, in amait numbers, but by nutere by an Importer who first secured

The White Pine Compound.
"It was early in the spring of '52 that this compound was originated. A men ber of my family was smileted with an irritation of the throat attended with a disagreeable cough. I had for some months previous thought that a preparation having for its basis the inside bark of white pine might be to compounded ast to be very useful in ciseases of the throat and lungs. To test the value of it in the case alloided to, I compounded a small quantity of the medicine that I had been pianning, and gave it in teaspoonful doses. The result was exceedingly gratifying. Within two days the irritation of the throat was removed, the cough subsided and a speedy cure was effected. Soon after this, I sent some to a lady in Londonderry, N. H., who had been suffering for some weeks from a bad cough, occasioned by a sudden cold, and had raised mucus streaked with blood. She soon found relief an sent for more. She took about ten ounces of it, and got well. J. B. Clarke, Exq. ed tor of the Munchester Laily Mirror, made a trial of the same preparation in the case of a severe cold and was cursed immediately. He was so highly pleased with the results, and so confident of success attending its sales, if placed before the public, that he single, and so confident of success attending its sales, if placed before the public, that he finally pursuaded me to give it a name, and send it abroat to benefit the sufering. In November, 1855, I first advertised it under the name of white Pine Compound. In two years from that time there had been wholesaled in Manchester alone one hundred dollars worth, where it took the lead of all the cough remedies in the market, and it will maintains that position. There is good reason for this; It is very soothing and healing in its nature; is warming to the stomech and pleasant withal to the taste, and it sell maintains that position. There is good reason for this; It is very soothing and healing in its nature; is warming to the stomech and pleasant withal to the taste, and it sell maintains

pleasant withal to the taste, and is exceedingly cheap.

"As a remedy for kidney complaints the White Pine Compound stands unrivaled. It was not originated for that purpose, but a person in using it for a cough was not only cured of the cough, but was also cured of a kidney difficulty of ten years standing. Since that accidental discovery many thousands have used it for the same complaint, and have been completely cured."

The above was written by Dr. Poland, in 1890. Since then, as in Manchester, the White Compound has taken the lead of all Cough remedies, as well as a preparation for the cure of Kidney difficulties, in every city, town, vilage and hamlet throughout the New England States.

The remedy is as safe and pleasant to take as it is effectual.
